EnerGov Solutions is a leading and global provider of innovative Land, License and Asset Management software solutions designed specifically for enterprising government agencies.

JOB SUMMARY

We are currently seeking **Crystal Report Developers** proficient in designing and developing Crystal reports in a MS SQL server environment. This position designs and maintains business reports, analyzes requirements and needs, while preserving corporate consistency, intuitive usage, and quality output.

ESSENTIAL SKILLS & QUALIFICATIONS

- Strong SQL experience (2 plus years) and ability to write complex Stored Procedures
- 2 plus years experience developing reports with Crystal Reports or SQL Reporting Services
- Comprehension of enterprise data structures and data analysis concepts, and the ability to demonstrate strong document design instincts
- Must demonstrate the ability to create stored procedure code and report formats and conform to established coding style and format standards
- Must be able to work independently but maintain active communication with other team members
- Ability to design and implement complex ad-hoc queries and views
- Must follow Implementation Methodology and finalize and deliver reports based on scheduled deliverable dates
- Familiarity with Visual Studio and TFS.

EDUCATION AND/OR EXPERIENCE:

- Associate's Degree or higher with a specialization in Computer Science and/or Information Technology
- 2 plus years of work or academic experience developing SQL stored procedures and Crystal Reports
- Any work or academic experience developing web-based applications using ASP.NET is a plus

Candidates will be required to demonstrate database structure, SQL stored procedure skills, and knowledge of report development with Crystal Reports or SQL Reporting Services

EnerGov offers a competitive salary and an excellent benefits package that includes medical, dental, 401(k) matching, and paid holidays. EnerGov is an equal opportunity employer.

When you join EnerGov, you'll not only work with a team of dedicated, diverse, and highly talented professionals, you will become a member of an innovative and growing organization that takes pride in delivering premiere solutions.
